Green Meadow Primary School 2022 – 23 Review

During each academic year, every primary school receives a Primary PE & Sport Premium Grant from the government. Each school receives a different amount of money depending on the number of children it has. In September, the Sport Premium Grant doubled. This was due to soft drinks companies having to pay a levy on drinks with added sugar.

The grant is given to help schools develop their PE curriculum and to increase the number of children participating in PE and sport in and out of school time.

Below is an action plan of how we intend to spend the Sport Premium Grant to best benefit the children.

The additional income provided to school through sports premium is designed to do the following;

- develop or add to the PE, physical activity and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Schools can use the premium to secure improvements in the following indicators:

1. the engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
2. the profile of PE and sport is raised across the school as a tool for whole-school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

Action Plan and Budget Tracking
